PROFILE

I started studying frontend development in March 2020, I finished an intensive frontend bootcamp at Academy 108 in June 2020, and I'm not stopping there! I know I have to learn a lot but I feel thirsty for getting into corporate culture where I can grow as strong team member.

Before I've been working in gastronomy for twelve years, due to the circumstances in the gastronomy business, I want to try myself in a new field! My free time I spend cooking or riding bike. I'm located in Warsaw.

Below you can see some of my little projects. Feel free to take a look at my GitHub page.
